CLEARINGHOUSE RULE 17-041

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]

2. Form, Style and Placement in Administrative Code

In the statutory authority and explanation of agency authority section of the rule analysis prepared by the department, “Department” should be changed to “department”. In the statutes interpreted and explanation section of the department’s rule analysis, “Section” in between “s.” and “29.014 (1), Stats.” should be deleted, and “Department” should be changed to “department”.

5. Clarity, Grammar, Punctuation and Use of Plain Language

In the related statute or rule section of the department’s rule analysis, it appears that “will” should be deleted. In the plain language rule analysis section of the department’s rule analysis, “assure” should be changed to “ensure”. This issue also occurs in the comparison with rules in adjacent states section of the department’s rule analysis.
